

# CONTROL ELEMENTS FOR MOBILE MACHINES

Joystick  
**EVOC**

# JOYSTICK EVOC

Our horizontal joystick EVOC is characterized by high flexibility and particularly ergonomic operation. The hand angle of the joystick is ideal for fatigue-free and precise working. The joystick is available in different versions and is ideal for use in off-highway vehicles.

## Features and benefits

- Horizontal Joystick
- Optimal hand angle
- Ideally suited for off-highway vehicles
- Available as XENO version with thumb joystick
- Available as a dynamic keypad variant
